FOREST TOMTAR

These fellows look as if they just came in from the forests of Sweden or Finland. **9274 & 9275** are made of weathered wood and wool. And the furry tomtar at right (**9276 & 9277**) have real reindeer fur beards!

ORNAMENTS

Our Sami-made pair of mittens (**9281**) are hand-made of traditional wool braid and reindeer hide. You can use them on the tree -- or as a lapel pin. The polar bear riding poika (**9282**) is made of pewter in Sweden. The chrome finish metal reindeer (**9283**) comes from Sweden, as well.
